Dear Mr Saul,

I shall be in England for about a month from 23rd August. I am taking a short holiday following my retirement from my present position as Research Officer in Ethnomusicology at this Institute. This does not mean that my work in Aboriginal music is coming to the end. On the contrary, I look forward to devoting more of my time to writing and research from now on.

I shall phone you shortly after my arrival and look forward to visiting your Institute. Particularly, I should like to discuss with you the plans for the transfer of the Torres Strait cylinders (Myers) to tape and letters mentioned to you in my letter of 21st October, 1977. I understand that there are some difficulties in identifying some of the Australian cylinders. If this is indeed the case I should be glad to give any assistance I can in sorting them out. In fact I should be quite happy to spend most of my time in London to this end.

I should appreciate a line from you before I leave.
 Yours sincerely
 Alice Bayle.
