

THEY SAY

Janet Mirro, granddaughter of Mr. and Mrs. Alf Williams, recently underwent an appendicitis operation at the Cowra District Hospital, but has now completely recovered.

During the recent floods at Cowra, the single men's quarters at the Station were used to shelter three white families who had been driven from their homes by the flood waters.

They were most appreciative of the kindness and consideration shown them by the management and residents of the Station.

A brand new Progress Association has sprung into existence at the Taree Station. This organisation was formed on the 13th of July, but the residents are not at all superstitious and we believe that the thirteenth was a lucky day for them.

The Management Committee is comprised entirely of aborigines residing on the Station and the men-folk don't have all the say in running this organisation either, for both the Secretary and Treasurer are women.

Madeline Pitt, Mrs. Muriel Cutmore and Jimmy Weldon, of Moree, have all been in hospital, but have now been restored to good health again.

With the able help of Dr. Williams, Mr. E. J. Morgan, Manager of Moree Station, recently arranged for the immunisation of the majority of the Moree children. All the parents co-operated splendidly and the job was completed in a few weeks.

Mrs. E. Bridge and Madge Raveneau proved themselves valuable assistants to Dr. Williams.

Congratulations are extended to Mrs. Bill Stanley and Mrs. Fred Craigie, who each gave birth to a fine baby boy at Moree District Hospital recently.

All of Moree mourned the passing of Grannie Jenkins, at the age of a hundred and one years. Mrs. Jenkins, who had lived most of her life at Terry Hie Hie, a few miles from Moree, left many descendants.

Our sympathy is extended to Mrs. Phyllis Suey, of Moree, who lost her baby son Terry, a few weeks ago.

Boggabilla Station had two football teams in the local competition, First Grade and Second Grade, and the schoolboys also had a team.

The three teams are yet unbeaten. How is that for a record?

Best footballers of the season at Boggabilla have been Alex Armstrong, Stan McGrady, Ned Bartmen, John Binge, Charlie Hippi, Tom Hynch, Jack Dennison, Warren Garret, Angus McIntosh, Ken McIntosh, Norman Duncan, George Binge, and Tom Duroux.

The Cabbage Tree Island Parents and Citizens Association meets on the first Tuesday evening in each month.

Mr. R. Moran is President, Mr. F. Marlowe and Mr. D. Currie, Vice Presidents, and Miss Jean Marlowe, Secretary. Mr. J. B. Stratton is Treasurer.

Boggabilla has had sixty cases of measles, but the epidemic has now cleared up and everyone is well and happy again. Two of the sickest youngsters were Donella Waters and Freddy Binge but Matron Forster did an excellent job and now they're as right as rain.

One of our young artists sent this delightful little drawing in to Dawn, but we don't know his—or her—name. Who was it?
